

Nearly 2 Million Vaccine Doses in NJ and Rent Relief

Nearly 2 MILLION VACCINE DOSES IN NEW JERSEY

Nearly 2 million doses of COVID-19 vaccine have been administered to New Jerseyans, as the [chart above shows](#).

Eligibility for vaccine in New Jersey continues to be limited to persons 65 and older and younger adults with underlying health conditions. To get vaccinated, all residents must sign up on the state website, covidvaccine.nj.gov, so you can be notified when you become eligible. You can also call the New Jersey Call Center Vaccination Support Number between 8 AM and 8 PM: 855-568-0545.

Those who are eligible may also sign up for hospital-based, public, and private sites offering vaccination, such as CVS, and the several New Jersey “Mega Sites.” All are experiencing demand in excess of supply, so you may need to try multiple times. There is a new Vaccine Finder website that may be useful, particularly for local pharmacies: <https://vaccinefinder.org/search/> In addition, New Jersey has a listing of sites: <https://covid19.nj.gov/pages/covid-19-vaccine-locations-for-eligible-recipients>.

You can also use social media to help get an appointment. Join the [New Jersey Covid Vaccine Info Facebook group](#). The 61,000-member group gives New Jerseyans the opportunity to share up-to-date information on vaccine availability. Follow [VaxxUpdates on Twitter](#). The page helps Garden State residents secure vaccine appointments with instant updates on availability.

APPLY NOW FOR LOCAL RENT RELIEF

In response to the financial hardships of the COVID-19 pandemic, **Somerset County has established a rent relief program using Federal grant monies.** About \$400,000 in rent relief is still available to county residents who have suffered COVID-related income loss, subject to income limitations.

Additional information, and an easy-to-use online application are available [here](#). Paper application forms are available by calling 908-541-5756.
